

BENEFIT FOR BRADLEY

Bradley Carbone suffered a traumatic spinal injury and is now confined to a wheelchair...possibly for life.

Our ski and snowboard community is coming together to host our Second Annual Benefit for Bradley, to help offset some of the enormous medical expenses that lie ahead.

Last year, due to the generosity of many, we were able to raise over \$40,000 to help offset his expenses.

This year, on February 27th, please join a group of his and his family's closest friends in hosting a cocktail party and auction benefit.

Please join us.
